

Attorney Docket No.: 6535.200-US  
USSN: 10/671,064  
Filed: September 25, 2003  
Inventor: Christensen et al.  
Via Facsimile No.: 571-273-2885

### **REMARKS/ARGUMENTS**

Claims 1-20, 23 and 26-35 are pending following entry of the above amendments to the claims.

In the Notice of Allowance mailed January 11, 2007, Examiner's Amendments to the claims are listed on page 2 and these have been incorporated into the claims presented herein. However, in reviewing the claims in light of the Examiner's Amendments, Applicants realized that additional amendments to claims 23 and 35 were required in order for the claims to read correctly and for consistency between claims 23 and 35 it is these additional amendments to claims 23 and 35 that are presented herein. While Applicants recognize that no amendment may be made as a matter of right in an application after the mailing of the notice of allowance, Applicants respectfully request entry of the amendments presented herein as they do not introduce new matter and are merely made to ensure that the claims, following entry of the Examiner's Amendments presented in the Notice of Allowance, read correctly and that there is consistency between claims 23 and 35.

Respectfully submitted,

Date: April 11, 2007
